Hi everyone!

I need your help. My family wants to move from the countryside to the city. But I really don't want to. Why? Well, the air is really clean here and there's **1) exciting/beautiful** scenery to look at. There isn't **2) heavy/big** traffic, so there isn't much pollution, either. I know I'm not close to big shops and malls, but I can buy **3) fresh/ clean** food like fruit and vegetables. Some people say life in the countryside is too quiet and **5) calm/convenient**, but I don't think so. I think it's relaxing! What do you think? Tell me in the comments below.
